INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Napa County Children and Families Commission
Napa, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the general fund of the Napa County Children and Families Commission (the Commission), a component unit of the County of Napa, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Commission's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Commission as of June 30, 2020, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Schedule, and the Notes to the Required Supplementary Information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's financial statements. The Schedule of Expenditures by Fund Source and Net Position of California Children and Families Commission (CCFC) Funds for First 5 Programs and Activities; the Statement of Revenues, Expenditures, and Changes in Fund Balance – Divisional Breakdown, and Schedule of Expenditures by Program and Administration are presented for purposes of additional analysis and are not a required part of the financial statements.

The Schedule of Expenditures by Fund Source and Net Position of California Children and Families Commission (CCFC) Funds for First 5 Programs and Activities; the Statement of Revenues, Expenditures, and Changes in Fund Balance – Divisional Breakdown; and Schedule of Expenditures by Program and Administration are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures by Fund Source and Net Position of California Children and Families Commission (CCFC) Funds for First 5 Programs and Activities; the Statement of Revenues, Expenditures, and Changes in Fund Balance – Divisional Breakdown; and Schedule of Expenditures by Program and Administration are fairly stated in all material respects in relation to the financial statements as a whole.

The Commission membership information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 26, 2020, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

**NAPA COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2020**

On November 3, 1998, California voters approved Proposition 10 – the Children and Families First Act (the Act). The Act imposed an additional excise tax on cigarettes and tobacco related products to fund programs that promote, support, and improve the early development of children from prenatal through age five. The intent is for all California children to be healthy, to live in a healthy and supportive family environment, and to enter school ready to learn.

The Napa County (County) Board of Supervisors created the Napa County Children and Families Commission (Commission) in 1998 under the provisions of the Act. The Commission consists of nine members appointed by the County Board of Supervisors. The Commission is a public entity legally separate and apart from the County.

As management of the Commission, we offer readers of our financial statements this narrative overview and analysis of the financial activities for the year ended June 30, 2020.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Commission's financial statements. The Commission's financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the financial statements themselves.

Government-Wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Commission's finances, in a manner similar to a private sector business.

The *Statement of Net Position* presents information on all of the Commission's assets and liabilities, with the difference between the two reported as *net position*.

The *Statement of Activities* presents information showing how the Commission's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

The government-wide financial statements can be found on pages 8-9 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund financial statements report essentially the same functions as those reported in the government-wide financial statements. However, unlike the government-wide financial statements, fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate the comparison between governmental funds and government-wide statements.

The Commission adopts an annual appropriated budget for its fund. A budgetary comparison statement has been provided for the fund to demonstrate compliance with the budget.

The fund financial statements can be found on pages 10-11 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 12-15 of this report.

Required Supplementary Information (RSI). RSI is presented concerning the Commission’s General Fund budgetary schedule. The Commission adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Commission presents its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement (GASB) Statement No. 34 (GASB 34), *Basic Financial Statements – and Management’s Discussion and Analysis (MD&A) – for State and Local Governments*. The net position may serve over time as a useful indicator of a government’s financial position. In the case of the Commission, assets exceed liabilities by \$807,729 at the close of the most recent fiscal year. The most significant portion of the Commission’s net position is its cash balance of \$820,117. Cash is maintained by the County Treasurer in the County’s cash and investment pool where interest earned on the Commission’s balance is apportioned to the Commission. Another source of net position resides in the Commission’s receivables, the majority due from the State Commission for Proposition 10 taxes in the amount of \$102,683 and the First 5 IMPACT grant of \$44,469. These receivables represent taxes that were remitted by the State but had not been received by the Commission as of June 30, 2020. The Commission also reports accounts payable and accrued payroll of \$183,332 representing payments due for obligations and payroll expenses incurred during the year, but not yet paid.

FINANCIAL ANALYSIS OF THE COMMISSION'S GOVERNMENTAL FUND

As noted earlier, fund accounting is used by the Commission to ensure and demonstrate compliance with finance-related legal requirements.

For the year ended June 30, 2020, the Commission reported an ending fund balance of \$746,860, an increase of \$40,610, or 6%, from the prior year.

The total fund balance represents committed resources for Commission approved contracts using Proposition 10 funds.

Napa County Children and Families Commission

Statement of Revenues, Expenditures, and Changes in Fund Balance

	Fiscal Year 2019-20	Fiscal Year 2018-19	Difference
Total Revenues	\$ 1,148,991	\$ 1,114,110	\$ 34,881
Expenditures			
Administration	181,170	191,849	(10,679)
Program Expenditures	927,211	780,216	146,995
Total Expenditures	1,108,381	972,065	136,316
Change in Fund Balance	\$ 40,610	\$ 142,045	\$ (101,435)

Total revenue consisting of Proposition 10 funds, interest income and, State Commission matching revenue, increased from \$1,114,110 to \$1,148,991, an increase of \$34,881, or 3%, from the prior fiscal year. This increase was due to additional funding including the IMPACT revenues and Proposition 56 revenues.

Total expenditures increased from \$972,065 to \$1,108,381, an increase of \$136,316, or 14%, from the prior fiscal year. This increase was due to more expenditures approved by the Commission throughout the year.

FUND BUDGETARY HIGHLIGHTS

Total revenues were above final budget by \$87,767, approximately 8%, and total expenditures were under budget by \$58,815, approximately 5%.

CAPITAL ASSETS AND DEBT ADMINISTRATION

At the end of the current fiscal year, the Commission did not have any capital assets. At the end of the current fiscal year, the Commission did not have any long-term debt obligations outstanding.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Commission is committed to focusing Proposition 10 funds on the purposes for which it is intended, to promote and sustain an integrated, early childhood system, that will help to nurture children 0-5 years of age so that their young brains and bodies will develop appropriately.

The following economic factors were considered in preparing the Commission's financial plan for fiscal year 2020-21:

- The economic recession resulting from the COVID-19 pandemic
- Continued decline of State Proposition 10 revenues
- Quality Counts California Local Consortia and Partnership Grants awarded to First 5 Napa County by First 5 California & CDE
- The Home Visitation Coordination Grant awarded to First 5 Napa County by First 5 California

The Commission views Proposition 10 as a mechanism to improve and enhance the early childhood system in Napa County. Our updated Community Plan shows our focus on developing cross-sector community leaders, to comprehensively address systems that impact families, across the entire spectrum of prevention (from individual behavior and skill development to federal/state and local policy development). Key to this effort is a focus on diversity, equity and inclusion, in all programs, services, organizational structures, policies and legislation.

The Commission will continue to create opportunities for collaboration with the early childhood community, community-based organizations, other government agencies and non-traditional partners, to position the Commission to leverage additional public and private funds and develop early childhood champions throughout Napa County.

**NAPA COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Napa County Children and Families Commission (Commission), previously known as the Napa County Children and Families First Commission, was established on December 15, 1998, pursuant to Health and Safety Code §130140. The Commission was also established in accordance with the provisions of the California Children and Families First Act of 1998 and by Napa County Ordinances 1151 and 1154. The name was changed pursuant to Ordinance 1175 on September 12, 2000. The nine members of the Commission are appointed by the Napa County Board of Supervisors.

The Commission is responsible for the creation and implementation of a comprehensive, collaborative, and integrated system of services to enhance early childhood development.

The Commission includes all activities (operations of its administrative staff and Commission officers) considered to be a part of the Commission. The Commission reviewed the criteria developed by the Governmental Accounting Standards Board (GASB) in its issuance of Statement No. 14 and amended by Statement No. 61, relating to the financial reporting entity to determine whether the Commission is financially accountable for other entities. The Commission has determined that no other outside entity meets the above criteria, and therefore, no other entity has been included as a component unit in the financial statements. In addition, the Commission is not aware of any entity that would be financially accountable for the Commission that would result in the Commission being considered a component unit of that entity, but is considered a component unit of the County of Napa (the County) due to the selection of Commission members.

The financial statements included in this report are intended to present the financial position and results of operations of only the Commission. They are not intended to present the financial position and results of operations of the County taken as a whole.

B. Basis of Presentation and Accounting

Government-Wide Statements

The statement of net position and statement of activities display information about the primary government (Commission). These statements include the financial activities of the overall Commission.

The statement of activities presents a comparison between direct expenses and program revenues for the Commission's governmental activity. Direct expenses are those that are specifically associated with the Commission. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of the Commission. Revenues that are not classified as program revenues, including investment income, are presented instead as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

When both restricted and unrestricted net position are available, restricted resources are used only after the unrestricted resources are depleted.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation and Accounting (Continued)

Fund Financial Statements

Separate financial statements are provided for the governmental funds. The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available to finance expenditures of the current period. Proposition 10 taxes and investment income are accrued when their receipt occurs within ninety days after the end of the accounting period so as to be both measurable and available. All receivables are expected to be collected within the current year. Expenditures are generally recorded when a liability is incurred, as under the accrual basis of accounting.

Nonexchange transactions, in which the Commission gives (or receives) value without directly receiving (or giving) value in exchange, include sales taxes, grants, entitlements, and donations. On the modified accrual basis of accounting, revenues from sales taxes are recognized when the underlying transactions take place and have met the availability criteria. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Commission reports one major governmental fund, the General Fund. The General Fund is the Commission's primary operating fund. It accounts for all financial resources of the general government.

C. Due from Other Agencies

This amount represents receivables from the State government. Management has determined the Commission's receivables are fully collectible. Accordingly, no allowance for doubtful accounts has been made.

D. Compensated Absences

The Commission accounts for compensated absences in accordance with GASB Statement No. 16. Unused vacation benefits may be accrued up to a maximum of 180 hours.

The earned vacation is payable upon separation and is reported at the current balance of the liability. There is no payout of sick leave upon separation from the Commission.

E. Net Position/Fund Balance

Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Unrestricted Net Position – This category represents net position of the Commission, not restricted for any project or other purpose.

Fund Balance

To be in conformance with GASB Statement No. 54, fund balance is reported in classifications based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2020, the Commission's fund balance consisted of the following component:

Committed Fund Balance includes amounts that are constrained by limits imposed by the government's highest level of decision making, the Board of Commissioners. Removal or modification of the use of funds can be accomplished only by formal action of the authority, the Board of Commissioners, that established the constraints.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – CASH AND INVESTMENTS

Cash and investments at June 30, 2020, consisted of the following:

Cash in County Treasury	\$	820,117
Imprest Cash		<u>500</u>
Total Cash and Investments	\$	<u><u>820,617</u></u>

The Commission maintains all of its cash and investments with the County Treasurer in an investment pool. On a quarterly basis the Treasurer allocates interest to participants based upon their average daily balances. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County's financial statements may be obtained by contacting the County's Auditor- Controller's Office at 1195 Third Street, Room B10, Napa, CA 94559. The Napa County Treasury Oversight Committee oversees the Treasurer's investments and policies.

Required disclosures for the Commission's deposit and investment risks at June 30, 2020, were as follows:

Credit risk	Not rated
Custodial risk	Not applicable
Concentration of credit risk	Not applicable
Interest rate risk	Not available

Investments held in the County's investment pool are available on demand and are stated at cost plus accrued interest, which approximates fair value.

NOTE 3 – LONG-TERM LIABILITIES

The following is a summary of long-term liabilities as of June 30, 2020:

	<u>July 1, 2019</u>	<u>Additions</u>	<u>Retirements</u>	<u>June 30, 2020</u>	<u>Amounts Due Within One Year</u>
Compensated Absences	<u>\$ 8,769</u>	<u>\$ 17,015</u>	<u>\$ (11,125)</u>	<u>\$ 14,659</u>	<u>\$ 9,313</u>

NOTE 4 – OPERATING LEASES

In August 2015, the Commission entered into a 60-month operating lease agreement that expires on September 30, 2020. A new 60-month operating lease agreement was entered into commencing October 1, 2020 and expires October 31, 2025. The Commission also leases a copier under a 60-month operating lease agreement that expires in June 2022. Total rent charged to operations for the year ended June 30, 2020, was \$50,589.

NOTE 4 – OPERATING LEASES (Continued)

Minimum required future rental payments under these leases are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2021	\$ 44,692
2022	42,178
2023	39,600
2024	39,600
2025	39,600
2026	<u>13,200</u>
Total	<u>\$ 218,870</u>

NOTE 5 – RELATED PARTY TRANSACTIONS

During the year ended June 30, 2020, the Commission paid the County of Napa, a related party, \$8,026 for accounting and administrative services.

NOTE 6 – RISK MANAGEMENT

The Commission is exposed to various risks of loss related to general liability and workers' compensation. Insurance for the Commission is secured through commercial lines for both general liability and workers' compensation coverage.

NOTE 7 – PROGRAM EVALUATION

The Commission spent \$79,090 on program evaluation during the year ended June 30, 2020. These funds were used for salaries and benefits of a part-time staff person and supplies.

NOTE 8 – SECTION 30131.4 OF THE CALIFORNIA TAX AND REVENUE CODE CERTIFICATION

The Commission has certified that the supplant requirement stated in Section 30131.4 of the California Tax and Revenue Code has been met.

NOTE 9 – CONTINGENT LIABILITIES

The Commission receives funding from the State of California Proposition 10, the Children and Families First Act, to fund programs that promote, support, and improve the early development of children from prenatal through age five. These programs must be in compliance with applicable laws and may be subject to financial and compliance audits by the State. The amount, if any, of expenditures which may be disallowed by the State cannot be determined at this time, although the Commission's management does not expect such amounts, if any, to be material.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 26, 2020, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) pandemic. In response, the County, followed by the Governor of California, issued a Shelter at Home order effective March 19, 2020, requiring certain non-essential businesses to temporarily close to the public. At the current time, management is unable to quantify the potential effects of this pandemic on its future financial statements

NOTE TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2020**

BUDGET AND BUDGETARY ACCOUNTING

The Commission prepares and legally adopts a final budget on or before August 30th of each fiscal year. The Commission operation, commencing July 1st, is governed by the proposed budget, adopted by the Board of Commissioners in June of the prior year.

After the budget is approved, the appropriations can be added to, subtracted from, or changed only by Commission resolution. All such changes must be within the revenues and reserves estimated as available in the final budget or within revised revenue estimates as approved by the Commission.

Budget information is presented for the Commission's only fund. The Commission makes adjustments to its original budget during the year. This enables the effectiveness of the Commission in meeting budget objectives to be evaluated and the adequacy of the budget itself to be judged. The only exceptions to this are the appropriations of unanticipated revenues and the revision of appropriations to reflect major economic up or down turns materially affecting estimated revenues. Expenditures in excess of budgeted amounts are approved individually by the Board of Commissioners. Annual appropriated budgets are adopted for the Commission. It is this final revised budget that is presented in these financial statements.

The legal level of budgetary control (the level on which expenditures may not legally exceed appropriations) is at the object level. Object levels of expenditures include: salaries and benefits, services and supplies, rent and utilities, and program expenditures.

The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Napa County Children and Families Commission (the Commission), a component unit of the County of Napa, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Commission’s financial statements, and have issued our report thereon dated October 26, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Commission’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Commissioners
Napa County Children and Families Commission
Napa, California

Compliance

We have audited the Napa County Children and Families Commission's (the Commission), a component unit of the County of Napa, compliance with the requirements specified in the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, applicable to the Commission's statutory requirements identified below for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for compliance with the requirements of the law and regulations applicable to the California Children and Families Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Commission's compliance with the requirements referred to above based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office. Those standards and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the statutory requirements listed below. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance. However, our audit does not provide a legal determination of the Commission's compliance with those requirements. In connection with the audit referred to above, we selected and tested transactions and records to determine the Commission's compliance with the state laws and regulations applicable to the following items:
